Miss hamilton remained this time until September, 1808. She had developed to causer and died Sept. 18, 1908.

All this was reinted by the venerable Miss addistile Hamilton, the principal legates under the will who was called as a witness by Delos McCurly, counsel for the contesting nephews and allocks.

Miss Addistile is a woman of seventy-six years, but with keen intellect and clear memory. She was positive that at thetims of the making of her will and for years afterward, her sister Alice was sound in mind, and after her discharge from the sanitarium she was sane for several years, her mental disturbances being temporary.

John G. Milburg is counsel for the executors of the will, and will call Dr. MacDonall, who had Alice Hamilton in his care for several years. Dr. Henry R. Stedman, the famous Boston alienist, was in court.

People going away will need medicines and toilet goods. People who stay at home will need them even more than those who go. Either way, this sale

Stock up for the month. You'll not see such prices again until the Big Store has another sale.

Some stores can't cut prices on drugs, and all it hurt them to do it. There is no better way of comparing The Big Store's way of making a sale with the usual timid fashion practised everywhere else than by comparing these prices with any that have been advertised elsewhere.

Rich Bargains in Good Shoes for Men and Women Such shoes, and in such quantities and choice as only this store gives at bargain prices.

All sizes, although some of the women's shoes are samples. This is one of the few cases in which we' advise folks to buy for future needs. No matter if you are well supplied with shoes now, you are sure to need more some time, and you are not likely to get such chances as these very often.

These Are for Men

Men's Canvas Outing Shoes, \$1

We bought all the maker had of these to get control of the style and make.

We can't say exactly what the exclusive shoe store would ask for them, because the exclusive shoe store can't get them, but you can rest assured the price would be far above ours.

Good shoes in a clean-cut, stylish shape with leather soles and heels and canvas \$1 uppers..... \$3 Tan Shoes and Oxfords, \$1.95

These shoes are selling here for \$1.95 instead of \$3 because the manufacturer thought that this season the tan shoe would not be popular. Just look about you and you'll se how badly he guessed.

The saving is a clean, clear saving nothing of factory damage or unpopular style to charge against it.

These Are for Women Women's \$5 Shoes for \$1.95

Seems hard to believe that you could ever get real \$5 shoes for \$1.95. Come and see. Anything that we tell you is so, you can come sure of finding it so.

They are sample shoes-samples from which the \$5 lines in some of the best stores of the United States are selling to-day.

Every leather-tan, calfskin, vici kidskin, patent leather and enamel; every heel, every style, and in all sizes, although the best choosing is in sizes 312. 4 and 4 12, A, B and C widths.
